ShippingWorld & Shipbuilder

EDITORIAL INDEX

June-December 1989
Volume 188
Numbers 4055-4059

MONTH	PAGES
July/August	237-300
September	301-340
October	341-384
November	385-420
December	421-452

Ships key
Blk C ..... bulk carrier
C ..... general cargo ship
Cont ..... container ship
LNG ..... liquefied natural gas carrier
LPG ..... liquefied petroleum gas carrier
LASH ..... lighter abroad ship
OBO ..... ore/bulk/oil carrier
OC ..... ore carrier
O/OC ..... ore/oil/carrier
Pass ..... passenger ship
Ref ..... refrigerated cargo ship
Ro/ro ..... roll on/roll off ship
Tkr ..... tanker
VLCC ..... very large crude tanker
(other specialist types normally stated in full)
D ..... diesel
DE ..... diesel-electric
GT ..... gas turbine
T ..... turbine
TE ..... turbo-electric

SUPPLEMENTS AND FEATURES

Finland area review	Jul/Aug	241-258	Technology from Japan	October	377-381
Diesel Engines	Jul/Aug	265-283	Ferries	November	389-401
Navigation Aids	Jul/Aug	284-288	Training	November	402-410
Fire	September	320-323	Korea area review	November	411-415
Europort '89	October	345-351	Propulsion and manoeuvring	December	424-432
Reefer Ships	October	352-358	Yugoslavia area review	December	443-447
Ice going ships	October	360-369			

ARTICLES

293 An update on the West German building and repair yards
317 Cammell Laird increase efficiency by installing an Idhammar Maintenance Management System
318 Kormarine 89 – one of the major shipbuilding nations hosts one of the year's most important exhibitions
324 The diminishing world of marine engine builders, part two
327 Tank coating developments
329 Corporate profile section – the profiles and directors' forum for a number of well known marine companies

REGULAR NEWS & EQUIPMENT

337 **Safety at Sea news** – survival suits, emergency lifeline, chemical protection, escape sets, torches, helicopter operations
416 **Commercial** – Shipyard finance

MARKET NEWS

295 Monthly roundup of market trends
338 Monthly roundup of market trends
383 Monthly roundup of market trends
419 Monthly roundup of market trends

DIESEL ENGINES (In main propulsion)

259 Wartsila Vasa GR320 in *'Delfin Clipper'*
289 Caterpillar 3512 V12 in *'Varagen'*
304 MTU 16V 396TB 84 in *'Patria'*
308 Wartsila Vasa 12V32 in *'Bretagne'*
316 Mak B M 551 in *'Hummel'*
354 AESA-B&W 6L60MC in *'Del Monte Planter'*
358 Wartsila in Erikson *'Crystal'* and *'Arctic'*
365 Wartsila Diesels in *'Aurora Australis'*
368 Wartsila Vasa 8R22 and 12V22 in *'Aranda'*
396 Sulzer and Man B&W in *'Olau Hollandia'*

COMMENT

238 Our views on the news

342 Our views on the news
386 Our views on the news
422 Our views on the news

VIEWPOINT

239 The changing role of equipment manufacturers, during the shipbuilding crisis and in today's market recovery by Timo Salokoski, managing director Aquamaster-Rauma
303 Halon, fire fighting and damage to the ozone layer by Dennis Walker, technical manager extinguishing, Thorn Security
343 'Ice capable research vessels' by Bruce Colbourne
387 The problems of recruiting sea staff by Captain Alan Lester, Head of Department of Shipping Operations, Polytechnic South West and Secretary of the International Association of Navigation Schools
423 The likely future powertrain arrangements and the factors affecting their design, by Cornelius Geislinger, marketing manager, Dr-Ing Geislinger & Co GesmbH

SUPPLEMENTS & SPECIAL FEATURES

Diesel Engines for propulsion and auxiliary power

265 The diminishing world of marine engine builders, Part 1
270 Derating of diesel engines, a Spanish view
276 Ten years of experience with inverse cooling in residual fuel burning diesel engines
280 Large-bore medium-speed engines in the market of the '90s
281 Large-bore series now complete as the MAN B&W 48/60 is unveiled
282 Sea King by Dorman Diesel is used in trawlers and ferries
A granite composite that makes an ideal diesel engine base has been developed by Cranfield Institute of Technology
324 The diminishing world of marine engine builders, part 2

Europort '89

345 A review on the 24th international maritime exhibition to be held in Amsterdam

Ferries

389 Introduction
The prospects for regional ferries
391 New Ro-Ro safety measures become international law
392 Leading lights for harbour navigation and berthing
Ferry security
394 Draught gauging
IHC ferry loadiactor
395 Use of computers for the loading of Ro-Ros and ferries
Remote eyes assist safety, onboard ferries
396 **Technical** – *'Olau Hollandia'*, the new ferry for Olau line's Sheerness-Vlissingen service
320 **Fire** – The worst event that could befall a ship
Detector location and maintenance, points to consider
Low pressure CO_2 systems
321 Fire-resistant coupling
Detecting fires by video
Firehold, the latest smoke detector from Walter Kidde
322 The structural fire protection of passenger ships, the international approval requirements

Finland area review

241 Introduction
Finland, a member of the EC?
Wärtsilä Marine lease their Helsinki yard for a further 10 years
Accommodation modules from Wärtsilä
243 Resilient mounts are designed and fully tested at the Turku and Vasa production facilities
Ship management system proven by Silja, Sally and Viking Lines and now installed on *'Delfin Clipper'*
245 Rauma-Repola reorganise and prepares for the 1990s
247 Wood, modern material for shipbuilding
248 Hollming, a family controlled shipyard with a high technology product mix
249 'SB-135' the world's most powerful tug
252 Marine reduction gears have been supplied by Valmet to some 300 vessels
Aquamaster-Rauma, a joint venture to supply equipment to the world's shipbuilders
253 Honkanen heel and roll stabilisers are suitable for Ro-Ro and research vessels
254 Cables for power and data transmission
The nature of raw materials is constantly being changed to meet market requirements

255 Design and support for technical projects from Elomatic Oy
256 A computer-aided engineering system developed for shipyard use by Witec
258 ABB Strömberg improve control of diesel electric propulsion systems
259 **Technical** – *'Delfin Clipper'* a small cruise vessel with the same capacity as a DC10 aircraft

Ice-going ships and technology
360 Report on a recent visit to the Wärtsilä Arctic Research Centre
361 Ice-going news
362 Antarctica the last unspoilt wilderness
365 **Technical** – *'Aurora Australis'* Australia's ice-going research vessel under construction at Carrington Slipways
366 Aquamaster steerable propulsion units in severe ice conditions
368 **Technical** – *'Aranda'* the 50th research vessel to be built by Wärtsilä, but the first to be built in Helsinki

Korea area review
411 Introduction
412 Influencing economic factors
Newbuilding programmes
413 High or low technology?
Product mix
415 Halycon days

Navigation aids
284 Krupp Atlas in the vanguard of navaid technology
285 Integrated bridge systems from Sperry
286 New radar for river navigation, the RSR 1000 from Kelvin Hughes
288 A VHF direction finder for traffic control and shipboard use
Vessel traffic control system for a Russian Baltic port

Propulsion and manoeuvring
424 Research and development of Propeller Boss Capfins
427 Shaft torsion meter from EEL Limited
KaMeWa-Seapacer for voyage optimisation
428 A revolutionary hull design and propulsion configuration
430 Coupling alignment
Water lubricated shaft bearings
New rudder design
431 Joystick control to DP system
432 Cyclo propulsion on sea trails

Reefer ships
352 Despite containerisation there is still an important market for the conventional reefer
The CFC debate is having its effect in the reefer trades
354 **Technical** – *'Del Monte Planter'* the first in a series of nine ships being built by Astilleros Espanoles
358 **Technical** – *'Erikson Crystal'* and *'Erikson Arctic'* the first pair in a series of 12 reefer ships

Technology from Japan
377 Changes in the Japanese shipbuilding industry
Japanese shipbuilders
378 The future for Japanese shipbuilders
379 Floating oil production facility from IHI
Off-centre propellers to improve propulsion efficiency
Mitsui revive the Costa bulb
380 Two Japanese companies independently develop contra-rotating propeller systems for large vessels
An improved Grim vane wheel system is applied to a new generation VLCC

Training
402 Introduction
403 Manned models, ship handling simulator
International manning and training project
404 MAN B&W training courses for marine engineers
405 Fire and safety training
Training in engineering design
Poseidon, pc-based navigation simulator
406 Marine simulation at Plymouth
409 Radar/Navigation simulator research project 'Microsim'
Port training

Yugoslavia area review
443 Introduction
Review
447 River based industries

SHIP DESCRIPTIONS
259 *Delfin Clipper,* Pass, D
289 *Varagen,* Ro/ro ferry, D
292 *Crown Princess,* Pass, D
304 *Patria,* Pass, D
308 *Bretagne,* Ro/ro ferry, D
316 *Hummel,* Chemical Tkr, D
354 *Del Monte Planter,* Ref, D
358 *Erickson Crystal* and *Erickson Arctic,* Ref, D
365 *Aurora Australis,* Research, DE
368 *Aranda,* Research, DE
396 *Olau Hollandia,* Ro/ro ferry, D
434 *Seillean,* Tkr/oil production, DE
447 *Sigulda,* LPG, D

SHIPBUILDERS
259 Rauma-Repola, Finland
259 Rauma-Repola, Finland
289 Cochrane Shipbuilders
292 Fincantieri, Italy
304 FBM Marine, Cowes UK
308 Chantiers de L'Antlique, France
316 Lindenau GmbH, Germany
354 Astilleros Espanoles
358 Hollming, Finland
365 Carrington Slipways Pty Australian
368 Wartsila Helsinki
396 Schichau Seebeckwerft, Germany
434 Harland and Wolff, UK
447 Meyer Werft, Germany
